#### Shakers and Doctors Talk Together.

In his able work entitled "Longevity," published a few years ago, Dr. John Gard ner, of England, predicts that a vegetable agent will yet be found that shall so retard those changes that bring about old age as to prolong human life much beyond its present

Acting, perhaps, upon the impulse produced by this thought, many eminent physicians

by this thought, many eminent physicians have called from time to time upon the Shakers of Mt. Lebanon to inquire of them concerning the secrets of medicinal plants, in which these sincere, simple-minded and Godfearing people are known to be wise and skillful beyond all other men.

The Shakers willingly told what they had learned, and in their neceived from their visitors much valuable information about disease, which they at once made practical use of. The most important point was that if a genuine and certain remedy could be found for indigestion and dyspeoms, and the allments growing out of it, a long step would be taken in the right direction. Old are, said these phepicians, begins in a failure of the digestion, and so do most diseases at any and all periods of life. The result of those consultations was the discovery by the Shakers of the desired specific, made wholly from herbs, and now known as the Shaker Digestive Cordial. Its action is magical and worthy of its origin.

tive Cordial, its action is magnet and worthy of its origin.

Whore there is distress after eating, heartburn, sick headache, had tasts in the mouth, billouaness, weakness and weariness, cold hands and fact, aversion to food, nervousness, or any other symptoms of dyspepsia, the Cordial will prove its curative virtues. Behind it is the reputation of a people who have never defrauded or deceived their fellow men.

In order to test whether this remedy is adapted to your case, at practically no cost, you may procure a trial bottle for ten cents of almost any druggist.

CHINAMEN HELD FOR TRIAL.

Three for Oplum Irregularities and Two

for Attempt at Bribery. Hartford, April 38 .- Joe Him, Wang Swon Ink and Bow Yee, the three Chinamen arrested Thursday afternoon after the raid on the opium joint on State street, were given a preliminary hearing before United States Commis sioner Marvin vesterday afternoon They were charged with manufacturing opium for smoking, without having given the required bond. United States District Attorney George P. McLean conducted the prosecution and the accused were defended by Joseph L. Barbour. United States Inspector J Thomas Scharf, Deputy Collector A. E. Howard, T. M. Byxbee and H. G. Parsons of the internal revenue office testified as to the raid and the seizure of the cans of opium. Charles T. Sing of Third avenue, New York, was sworn in as interpreter. The three accused men all swore that the opium was a manufactured product made to eat, not to smoke. They described the process of manufacture and the ingredients

used. It was made from optum upon which duty had been paid. Arguments were made by District Attorney McLean and Mr. Barbour, and Commissioner Marvin found probable caus in each case. Wong Swon Ink was held in \$100 bonds and Joe Him and Bow Yee in \$50 each for trial at the next term in the United States district court in this city on the fourth Tuesday in Ling, charged with attempting to bribe United States Inspector J. Thomas Scharf were then taken up. Mr. Scharf, Deputy Collector Howard and were then F. W. Giddings testified as to the facts in the alleged attempt at bribery. United States District Attorney Mc Lean prosecuted and Joseph L. Barbour defended the accused, as in the previous cases. No interpreter was needed as both men can speak and un-

previous cases derstand English. Lou Yan told a story to the effect that Mr. Scharf promised to get the three other Chinamen released if he would get him \$200. He was only able to raise \$50 then, which Scharf "grabbed" from the hand of Wong Ling in the United States | ing several inquiries regarding the outcourt room. Ling testified that he went with Yan as a witness and to hand the money to Mr. Scharf. Commissioner Marvin found probable cause and held the men for trial at the May term of the United States district court, Lou Yan in \$300 and Wong Ling in \$100 bonds, the latter on his own recognizance. Mr. Marvin afterwards reduced Yan's bond to \$150.

The four Chinamen were handcuffed and cained together and taken to jail. Commissioner Marvin's office was crowded with Chinamen and other spectators during the trial. The \$50 which Mr. Scharf took from Wong Ling, Friday, was given to Lou Yan by the direction of Commissioner Marvin It was after 6 o'clock when the hearing

COTTAGES IN DANGER.

Fishermen Don't Like the Bill Restricting their Privileyes.

The bill now before the legislature providing that during the summer nonths, in seaside resorts, no pounds nall be set within, 500 feet of the shore of a summer residence, without the owner's consent, is of especial inerest to several New Haveners who wn cottages at Crescent Beach and Niantic. A short time ago Professor J. J. McCook of Hartford, whose cottage at Crescent Beach, received an ill nelled letter, presumably from some fishermen, threatening to fire the cot-tages at that place if they were not allowed to set pounds where they pleased. The cottages of George W. Newton and W. O. Carpentar, both of Hartford, who requested the presenta tion of the aforementioned bill, were burned to the ground last Thursday, and other cottage owners are extremely anxious about their own cottages.

BANK DEPOSITORS MET.

AFFAIRS OF WILLIMANTIC BANK CONSIDERED

Will Oppose Any Measure Looking to the Appointment of an Out-of-Town Receiver -Natchaug Silk Mills' Assets Transferred to the Wrecked Bank.

Willimantic, April 30 .- A meeting of he depositors of the First National oank was held this afternoon in the own hall. E. S. Casey, who issued the down the harbor to transport the surall for the meeting, presided. He stated that there were good reasons for elieving that efforts were being made eiver for the wrecked First National ank, and it was considered wise for the depositors to oppose any such action. It was for the interest of the depositors hemselves, he stated, to have a local business man appointed to the posi

The depositors also expressed themselves as opposed to the appointment o Charles H. Phelps of Rockville as administrator of the estate of the late Cashier Risley. The petition for the appointment of Mr. Phelps had been made by Mrs. Frank Adams, sister of Risley.

The depositors drew up a petition, which will be presented to Judge of Probate Hubert Clark of this city, favoring the appointment of George E. Stiles, a wholesale merchant in this city, as administrator of Risley's esate. It was also decided to recommend to Comptroller Eckels the appointment of State Attorney John L. Hunter of this city as receiver for the First Na-

ional bank. State Attorney Hunter said to-night that he would not accept the appoint-ment of receiver for the First National bank if it was offered to him. It is probable that ex-Congressman Lewis

sperry will be appointed. more of Risley's forgeries were found this afternoon, one being a note for \$10,000 on the Citizens' Gas Light ompany of this city and another being bond that had been cancelled in 1891 It has been discovered that Risley had been paying the interest on the bond ever since and is supposed to have ap-propriated the money to his own uses. At a meeting of the directors of the Natchaug Silk Mill company this afternoon it was voted to transfer \$90,000 worth of assets, consisting of raw ma-terial and stocks in the several wareooms in the country, to the First National bank of this city and to the Second National bank of Norwich, both of which were heavy creditors of the con-cern which failed last week.

\$8,000 TOWN ORDER FOUND. Nature of it Not Known-Comfort for

Depositors. Willimantic, April 20.—The affairs of the wrecked First National bank are assuming a normal condition, Examner Dooley and Cashier Culverhouse maintain a strict silence. The only statement Mr. Culverhouse has made is that so far as any facts have come to his knowledge he sees no reason why the depositors should not be paid in

The only thing which has developed ecently is the story that an order on he town of Windham has been discovered for \$8,000. The order is pur-ported to have been made prior to October 1, 1894, and to bear the signatures of Selectmen Frank M. Wilson, William N. Potter and William J. Sweeney. It is said to be countersigned by Town Treasurer C. H. Dimmiek. No information can be obtained regarding the date or the number of the order, but it is said that last Saturday Mr. Dooley asked Treasurer Dimmick how many \$8,000 town orders there were out and was told there were none. After makstanding obligations of the town, Mr. Dooley went away, but enough is now known to establish the fact that a Windham town order for \$8,000 has ome to light. Whether it was found among the assets of the bank or whether a description of it has been sent for identification cannot be ascer tained.

for temporary safe keeping. Many an-ticipate that considerable light will be thrown on matters when the dead cashier's private papers are examined. They are supposed to be contained in a small box in the vaults of the bank, which doubtless will not be opened until next Friday, when it is expected that an administrator will be appointed. In this connection there is considerable lo cal feeling that some one should be appointed to administer his estate who will look sharply after the interests of the many unfortunate ones. The hearing will be at Judge of Probate Huber Clark's office at 10 a. m.

FAIR HAVEN,

Rev. J. Lee Mitchell of the Grand venue Congregational church announced to the congregation on Sunday that the floating debt had been entirely wiped out and the society would begin the church year, May 1, under excelent fluancial prospects.

The late William Ames, whose death

at the age of eighty-three years has been announced, was one of the ploneer oyster dealers of Fair Haven. Ames and his brother Joseph came here from Massachusetts more than fifty years ago. His oyster business was lo cated on South Quinniplac street. Th deceased had witnessed the growth of the business from a small industry

to its present vast importance. The work that Contractor O'Brien is now doing on the new Grand avenue choolhouse does not make much show The heavy foundations are being pre-pared and thirty-five men are employed but the walls will soon begin to rise. The exterior is to be of buff brick with

trimmings of Ohio stone and terra cotta. The top of the flagpole on the tower will be 170 feet above the ground Ex-Deputy Sheriff W. H. Konold and faughter, Jennie, will leave for Portage, Wis, next Saturday, to visit Mr. Kon-old's mother-in-law, Mrs. Bryce, now

in her ninety-first year. Frederick Bostwick's lecture, illustrated, on "Boston and the Y. P. S. C. E. Convention of 1895," will be given in the Grand avenue Baptist church to-morrow evening. The powerful dredge of the Hartford

At a meeting of the Sunday School association of St. Mary's church will be held Friday evening after devotions. Changes in the conducting of the Sunday school will be

Dredging company is now engaged in deepening the water along the 200 fee frontage of W. A. Warren & Brothers wharf on South Front street. dredger takes up about three cart loads at each dip of the dredge and the work is watched with interest by many specators. It is the intention to give a lepth of seven feet a low water and thirteen feet at mean high water, thus allowing a pretty large vassel to come loaded to the wharf. The material is used in filling back of the new wharf The company has a dredger and scows

plus material that is dredged. The repairs on the east side of the Grand avenue bridge are being pushed ahead under the general direction of City Engineer Kelly. W. H. Alling i in charge of the men employed by the town. The repairing on the east and has brought to light a large amount of rotten timber and it is believed the lectric cars would have broken through had they been rum over it. When the city made repairs three years ago the town part was not rebuilt. New timbers are being substituted under the railroad tracks to make that portion ecure; the rest of the structure will do very well until the new drawbridge is built next year.

Professor W. H. Brewer will give an illustrated lecture on "A Trip to Greenland" at the Y. M. C. A. rooms this evening.

No Agreement Beached.

#### HEROIC WOMEN.

Their Struggle Against a Common and Merciless Enemy.

[SPECIAL TO OUR LADY READERS.]

Woman's heroism is not evinced by fearlessness or enterprise in time of danger, but her courage and fortitude are unquestionable in time of suffering. Think of the woman who

to make those around her cheerful, while she is racked with the excruciating tortures of womb trouble. Think of one who, day by day, begs her physician to help her, while the torture of tortures could not add to her misery. Does she yield? No! She endures her agonies, and meets her friends with cheerfulness.

This is woman's heroism, and few men realize how prevalent they are. cians rarely render relief in such cases. Aftertwenty years of success, withever increasing popularity, Lydia E. Pink-ham's Vegetable Compound is, to-day, woman's only sure and safe refuge from inflammation, ulceration, falling and dis-

placement of the womb, ovarian trouble,

isucorrhosa, painful and suppressed men-structions, kidney trouble, nervous pros-tration, and all manner of distressing and life-sapping female diseases,
"O my sisters, believe what is told you
of this wonderful medicine! Before I took it I had falling of the womb and leucorrhoea. My womb came down so badly I could not walk across the floor; the pain was excruciating; now all is so changed, and I am so happy. Lydia E. Pinkham's Vegetable Compound has saved me from a life of misery. Don't, don't suffer, I say, when a cure is so easily obtained." — Mrs. William Howe, 163

RECITAL AT STEINERT HALL.

Antoin Street, Detroit, Mich.

Program for Professor Pursons' Piano Recital To-night.

The second of a series of plano recitals that are being given by Prof. E. A. Parsons at Steinert hall will be given this evening with the following assistants: Mrs. E. A. Parsons, planist; Miss Elizabeth C. Gaffney, soprano Miss Zora Gladys Horlocker, contralto Mr. George Leon Moore, tenor; Mr. Morris Steinert, violoncellist. Mr. Wil-Hs H. Alling, accompanist.

Miss Horlocker, who is a member of the New York Ladies' quartet, possesses an exquisite contralto voice and a most attractive personality.

The following is the program:

Im Herbst......Franz Miss Horlocker,

Mr. and Mrs. Parsons,

. O Joy of Youth ... Van der Stuken The Silver Ring ..... Chaminade c. Greeting.......Franz Miss Horlocker.

peculation Irregular and Business Was

New York, April 30.-Speculation at the stock exchange was frregular today and business was on a smaller scale than of late, amounting to 262,350 shares. The market lacked foreign support at the opening, in fact Lonfon was a seller in the initial trading, but subsequently arbitrage houses turned buyers. As a result good judges say that the foreign purchases and ales about balanced each other on the iny. Local operators who have opposed the rise from the very beginversed their positon but toward the lose they tried their hands once more the grangers, Sugar, Louisville and Nashville and General Electric. In the ast hour they had the assistance of iquidating sales by holders willing to urn paper profits into cash, but they little impression on Northwest ran off to 961/4, Burlington and Quincy to 781/4, St. Paul to 62 and Rock Island to 66%. These shares showed little if any recovery at the lose. General Electric moved up a point to 84% on the publication of the igures from the annual report, which ere more favorable than expected. Late in the day the stock returned a 33% on the rumored retirement of Directors Twombly and Mills. The st named confirmed the rumor of his retirement. After considerable backing filling the industrials except eather common closed lower on the lay. The announcement that the Ameran Sugar Refining company had advanced certain grades of refined another 1-16c per pound did not stop reallation in the stock, which at one time old down to 10814 and closed at 10914 gainst 110 yesterday. The leather tocks enjoyed another spurt, the common rising 21% and the preferred to 96. The Cordage stocks were heavy and 1@1½ per cent, lower. The anthracite coalers weakened early in the day,

but subsequently recovered and closed steady, Lackawanna lost % on the day, New Jersey Central 1/2 and Delaware and Hudson 14; while Reading was unchanged. The street waited for the action by the sales agents all day, out nothing developed until after close when it was stated that the agents had again adjourned without ction until Thursday next.

Speculation in the last hour was weak and a majority of the active issues sold at the lowest point of the day. The closing was rather weak. Northern preferred was exceptionally strong throughout, ranging between 21% 2216. Net changes in the active list show losses of 4014 per cent. on the

Railway bonds were active and strong. Sales were \$2,238,000. Following are the closing prices re ported by Prince & Whitely, bankers and 15 Center street, New Haven:
